

LMS changes and updates assigned by Amit Sir on 4-12-2024 :

----- Company admin details shown to super admin -----

1. In company list data: instead of expiry date, days left should be shown
2. Sidebar Width should be less - so that more space left for list content
3. Impersonate box at company view - box shadow should be removed
4. at right : company phone and its value both should have same font size but heading remains as bold
5. at company view : company head rectangular box should be removed like its favicon and box and only data is shown
6. at grey box : [Statistics days left]
7. all grey font to black below above box

----- Invoice -----

1. discussion on Invoice regarding payment and re-package assign
2. back icon on invoice
3. Invoice filter - package name, package type, limit remove, keyword remove

----- email sms list -----

1. email sms list with reason -

----- super admin dashboard -----

1. same as screen shot

----- company admin -----

1. web settings

App name - N capital

small similar heading remove

2. Back button - navigate to dashboard

----- ACL -----

1. ACL from Role wise to User Wise

----- Employee -----

1. If married -> add Anniversary Date
2. Adhaar -> Aadhaar spelling
3. default image icon color dull to -> #06ae9257
4. Add UPI column -> UPI id
5. at employee update - Is resigned -> Is Exit - also font size mismatch - same as Select Bank
6. Select Exit reason not mandatory - add class row g-3- space is less
7. At each update navigate to its list
8. At employee list show joined At instead of created At
9. At employee view remove border -> employee show discussion

----- course catalogue -----

1. Parent category size issue - parent category details two times written - remove one
2. thumbnail color list - on all default image icon
3. Add / update parent category size mention (400 * 400)
4. category listing icon size issue
5. At category / sub category add / update - parent category should be at first after that other details
6. category add / update description limit - so that when it is on live then it doesn't change view and UI
7. remove created at in category list

----- course particular -----

1. course / chapter / lesson update log
2. course filter - categories / instructor / price with below range
3. purchased at -> created At (typo error)

4. chapter list filter should only have status
5. hr (horizontal rule) at each form before submit button

----- LMS Front -----

1. LMS front footer -> news letter - no button (add a button)
2. LMS header -> comment pages and blog
3. while scrolling sign in is active -> remove it
4. lesson list icon -> pdf, video, quiz, text icons
